

Data Processing Addendum (GDPR / DPA)

Effective Date: September 1, 2026

Framework: GDPR (EU/UK) & National Data Protection Acts

Controller & Processor Relationship: Under this Addendum, the educational institution is the **Data Controller**, and SchoolLinux Inc. is the **Data Processor**. Processing occurs strictly under written instructions from the school.

1. Scope and Nature of Processing

The Processor shall process personal data exclusively for the following authorized educational management purposes:

- Maintaining pupil enrollment records, attendance timestamps, and academic continuous assessments.
- Executing automated tuition fee recovery and receipts reconciliation.
- Transmitting SMS and email broadcasts to parents and staff upon school dispatch triggers.
- Maintaining verifiable transcript hashes on behalf of the institution.

2. Authorized Sub-Processors

Sub-Processor	Service Rendered	Location & Safeguards
Cloud Infrastructure (AWS / Cloudflare)	Encrypted database hosting, DDoS edge defense, SSL termination.	EU / US ISO 27001 & SOC 2 certified datacenters.
Paystack Payments	Tuition and wallet top-up payment gateway.	PCI-DSS Level 1 certified gateway.
Telecommunications Gateway	Direct SMS carrier delivery and delivery receipts.	Local carrier interconnects with TLS payload encryption.

3. Technical & Organizational Measures (TOMs)

- **Logical & Relational Schema Isolation:** Hard segregation of database tables per tenant.
- **Customer-Managed Keys (CMEK):** AES-256 field and disk-level cryptographic protection.
- **Role-Based Access Control (RBAC):** Granular permissions restricting bursar, teacher, and registrar visibility.
- **24/7 Security Incident Notification:** Mandatory notification to the School within 48 hours in the event of a confirmed security breach.

4. Data Return & Deletion

Upon contract conclusion, the Processor shall, at the choice of the School, export all student records in structured JSON/CSV format and securely destroy all schema replicas in accordance with DoD 5220.22-M standards within 30 days.
